

MAINTENANCE & SERVICE

Zorn Compressor & Equipment, Inc. is dedicated to helping keep your business operating effectively and efficiently. Zorn boasts the largest service team in the area with local technicians being factory trained, each with their own fully stocked mobile service unit. Whether it is an emergency situation or planned maintenance, Zorn offers complete service and maintenance custom tailored to your business needs.

EMERGENCY SOLUTIONS

24/7 SERVICE

Zorn offers quick response times for even the most unpredictable circumstances with our 24/7 service, 365 days a year from local technicians.

EQUIPMENT RENTAL

If you do experience equipment failure and that item needs to shut down for repair, Zorn offers rental equipment to keep your production on-line.

- Compressors up to 300 HP
- Air dryers up to 2,000 CFM
- Vacuum pumps up to 50 HP

LOCALLY STOCKED PARTS

Zorn carries an extensive stock of OEM & aftermarket parts and lubricants, which makes for fast fixes without the added lead time if you are in need of an emergency part.

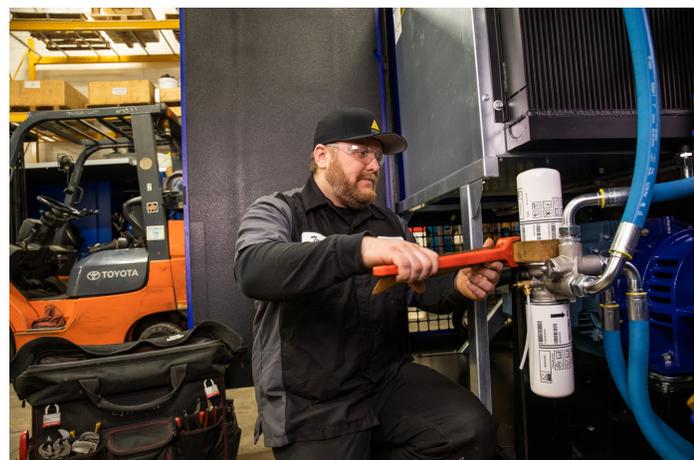

MAINTENANCE AGREEMENTS

Enjoy the ease of maintaining your equipment by joining our no contract, opt-in and opt-out maintenance agreements. These are custom-tailored agreements that are based on your annual running hours, equipment configuration, environment, and your unique system needs. We track the hours accumulated and service your system accordingly. You only pay for the maintenance required and can opt-out at any time with no strings attached

IN-SHOP REPAIRS

Zorn offers complete in-shop repair and rebuild services for those rare situations that our technicians are unable to perform services onsite.

- Air-end rebuilding for all brands
- Full parts and labor warranty
- Total rebuild capabilities for all rotating technology- pressure & vacuum
- Test capabilities up to 500 HP
